

Department of CSE, IIT Hyderabad
List of Selected Candidates for M.Tech RA Programs (CSE/NIS)
28 May 2026

Important:

1. All the **selected candidates** will receive offer letters within the next 2-3 days. The offer letters will be sent to your **registered email ID** after verification of the uploaded documents. Please note that **any discrepancy found** during verification may result in the application being disqualified. Please email us, if you do not receive an offer letter by **1st June 2026**.
2. Candidates on the waiting list may be considered for admission, subject to the availability of seats within a specific project mentioned for respective waitlisted candidates. We request you to kindly check your registered email regularly for further updates.
3. This document lists only the **application numbers**, program for the application number (i.e., either CSE or NIS) and corresponding **project names** for the selected and/or waitlisted candidates.
4. This list is only for the **M.Tech RA programs**.

M.Tech RA CSE/NIS: Selected Candidates

S. No.	Application No.	Program (CSE/NIS)	Name of the Project
1	172884	CSE	Hardware Security
2	162665	CSE	Designing Systems for AI/ML
3	176498	CSE	Autonomous 6G Networks
4	162290	CSE	Agentic AI for Autonomous 6G Networks
5	180197	CSE	Agentic AI for Autonomous 6G Networks
6	180234	CSE	Agentic AI for Autonomous 6G Networks
7	179444	CSE	Agentic AI for Autonomous 6G Networks
8	161881	CSE	Code Compliance using Compilers and Static Analysis
9	168604	CSE	Blockchain Architecture and Applications

10	181111	CSE	AI Driven Networks
11	168723	CSE	Agentic AI Management of Data Acceleration Offload Infrastructure
12	180545	CSE	Analysis and Evaluation of Hardware-Offloaded Congestion Control Algorithms for AI Workloads
13	164694	CSE	Efficient Data Analytics on Edge Devices
14	164942	CSE	Cybersecurity Operations
15	161311	CSE	Security Issues in Last Level Cache Memory
16	173098	CSE	Deep Learning and Multimodal Learning
17	162075	CSE	Polyhedral Compilation based Energy Optimizations for CPUs and GPUs
18	173238	NIS	AI and Network Security
19	181400	NIS	Benchmarking for Database Systems
20	172959	NIS	AI and Network Security
21	173280	NIS	AI and Network Security
22	177237	NIS	AI and Network Security
23	165748	NIS	Formal Methods for Security
24	167018	NIS	AI Driven Networks
25	173265	NIS	Blockchain Architecture and Applications
26	160348	NIS	Cybersecurity Operations
27	162923	NIS	Cybersecurity Operations
28	167416	NIS	Cybersecurity Operations
29	178435	NIS	Security Issues in DRAM LLCs

M.Tech RA CSE/NIS: Waitlisted (WL) Candidates

(Waitlist order within a project)

S. No.	Application No.	Program (CSE/NIS)	WL Order within Project	Name of the Project
1	181628	CSE	WL1	Code Compliance using Compilers and Static Analysis
2	160489	CSE	WL1	Cybersecurity Operations
3	177947	NIS	WL2	Cybersecurity Operations
4	171625	NIS	WL1	Efficient Data Analytics on Edge Devices
5	182522	CSE	WL1	Benchmarking for Database Systems
6	172229	NIS	WL2	Benchmarking for Database Systems
7	179775	NIS	WL3	Benchmarking for Database Systems
8	179333	NIS	WL1	Security Issues in DRAM LLCs
9	168548	CSE	WL1	Agentic AI for Autonomous 6G Networks
10	173826	CSE	WL2	Agentic AI for Autonomous 6G Networks
