## **14.Additional Details:**

- In order to earn a minor, a student has to earn a minimum of 12 extra credits from a basket of courses prescribed for each minor stream.
- In order to earn honors, a student has to earn a minimum of 12 extra credits out of which six credits from project work and at least six credits are from courses offered by the student's major department.
- A student can enroll for both Minor & Honors or for two Minors.
- The final transcript will only show the basic CGPA corresponding to the minimum requirement for the degree. The Minors/Honors will be indicated by a separate CGPA. The additional courses taken will also find separate mention in the transcript. These additional courses will find mention in the transcript (but not in the degree certificate). In such cases, the student may choose between the actual grade or a "pass(P)" grade and also choose to omit the mention of the course as for the following: All the courses done under the dropped Minor/Honors will be shown in the transcript None of the courses done under the dropped Minor/Honors will be shown in the transcript.
- Honors will be reflected in the degree certificate as "BTech (honors) in XYZ Engineering". Similarly, Minor as "BTech in XYZ Engineering with Minor in ABC". If a student has done both honors & minor, it will be acknowledged as "BTech (honours) in XYZ Engineering with Minor in ABC". And two minors will be reflected as ""BTech in XYZ Engineering with Minor in ABC and Minor in DEF".
